EXPERTISE

- **API Integration:** I have experience integrating REST APIs to fetch data and enable seamless interactions between front-end and back-end systems.
- **API Support and Modification:** I am well-versed in modifying and supporting existing REST API integrations to ensure optimal performance and functionality.
- **Website Migration:** I am proficient in migrating websites to keep them up-to-date with the latest technologies and best practices, ensuring minimal downtime and preserving existing functionality.
- **Programming Languages:** I am proficient in JavaScript, TypeScript, HTML5, CSS3, with a strong understanding of their syntax, features, and best practices.
- **Front-end Frameworks:** I have hands-on experience with popular front-end frameworks, including Vue.js, Nuxt.js, and Astro.
- **CSS Frameworks:** I am skilled in using Tailwind CSS to create responsive, customizable, and maintainable user interfaces.
- **CSS Optimization:** I know how to use Tailwind CSS's built-in features to optimize CSS for production and reduce page load times.
- **Concepts:** Web Application Development, Version Control (Git).
